

## Alexsei joins the Nvidia AI community

Toronto, Ontario.—January 17, 2019— Alexsei today announced it has joined the [NVIDIA Inception program](#), which is designed to nurture startups revolutionizing industries with advancements in AI and data sciences.

[Alexsei](#) is a core a technology that employs advanced machine learning and leverages the collective intelligence of all our users—from large 200+ lawyer firms to sole practitioners and in-house counsel—to ensure you have precise answers to your complex legal questions.

The NVIDIA Inception program will help Alexsei develop and improve their current and futur technology.

NVIDIA's Inception program is a virtual accelerator program that helps startups during critical stages of product development, prototyping, and deployment. Every Inception member gets a custom set of ongoing benefits, from hardware grants and marketing support to training with deep learning experts.
