Lawyer – Legal Research

Description

Join a team of lawyers and engineers building powerful artificial intelligence technology for the legal profession. As Head of Legal Content, you will be responsible for all facets of the legal memos that are returned to our clients, including the quality, the style, and the structure. You will also work closely with our software engineers to provide a critical link between the legal domain and the software domain.

Qualifications

- You are a competent lawyer with 2-3 years of litigation experience in diverse areas of law.
- You are in good standing with the Law Society of Ontario.
- You have your reasons for wanting to work for a technology startup (we'd like to know!)
- You are a people person.
- You enjoy a dynamic, multi-faceted role.
